

Compliance and Risk Management

Basic Principle

Kamaya regards compliance and risk management as the most important issues of our business, complies with the laws as well and promotes fair and equitable business activities that are based on corporate ethics. Further, we will strive to eliminate as far as possible any actual or potential risks to the business.

In case of an emergency that may critically affect business performance such as a natural calamity, an accident and other such reasons, we give the highest priority to protect body, life and property, aim for a speedy recovery of business, take appropriate actions to minimize the damage to all stakeholders and strive to prevent any recurrence.

Conduct Guidelines

- 1.Kamaya will comply with the law and regulations and raise social credibility by adequately satisfying the societal demands.
- 2.Kamaya will take fairness and dignified action as our principle and raise customer confidence by disclosing company information actively and fairly.
- 3.Kamaya will protect the health, safety and security of the users who use our company's products, and general public around our plant.
- 4.In business activities, Kamaya will focus not to put any burden on the environment. At the same time, we will bear in mind to contribute towards a recycling-oriented society and will strive for the protection of regional and global environment.
- 5.Kamaya will ensure safety and protect the life of our business group employees.
- 6.Kamaya will protect the shareholder's profit in a sustained manner through the above mentioned behavior.
